

## iBoatTrack GO!

iBoatTrack GO! includes:

- ✓ An Iridium GO!
- ✓ Bulkhead mount

The GO creates a satellite based Wi-Fi access point on your vessel. Connect up to 5 devices to a single GO and make phone calls, exchange texts and e-mails over the Iridium satellite network from anywhere in the world. There is even an emergency alert button to alert authorities of trouble. Your friends and family will also be able to follow along on your voyages. Simply mount this to your bulkhead for a clear line of sight to the satellite network.

**One time purchase \$1,200** – Select plan below

*AC Travel Adapter, International Plug Kit, DC Travel Adapter, Rechargeable Li-Ion Battery, and many other accessories included at no additional charge.*

## iBoatTrack GO! & Marine Kit

iBoatTrack GO! Marine Kit includes:

- ✓ An Iridium GO!
- ✓ Bulkhead mount
- ✓ External antenna
- ✓ Your choice rail or pipe mount
- ✓ Your choice of 15' or 30' antenna cable

The iBoatTrack Marine GO! Kit is IP-65 rated and designed for life at sea. Water resistant, shock resistant, dust proof and able to be powered by either AC or DC power sources. The GO! Can be quickly disconnected from the external antenna and bulkhead mount for use when camping in remote areas or on islands with no cell service. Keep connected with friends and families using the iBoatTrack GO! Marine Kit!

**One time purchase \$1,900** – Select plan below
